Electronics Technician

Electronics engineer ,Pretoria, Gauteng, South Africa

Description

We are looking for a skilled Electronic Technician to join our Technical Team. This individual will be responsible for providing support to customers around micro-controllers, updating product information on our website, and undertaking various tasks assigned by managers. The ideal candidate should have a strong knowledge of C++ and experience in the fields of electronics and programming. In addition, a background in HTML, CSS, Python, and JavaScript would be considered as a bonus. This is a unique and valuable opportunity for someone looking to grow their career in a company that values dedication and inclusive growth.

Key Responsibilities:

- Provide support to customers around micro-controllers
- Add and update product information on our website
- Undertake other duties as requested by Managers in order to develop your skills
- Complete monthly electronics projects

Required Skills and Experience:

- Proficient in C++ programming
- Experience in electronics and microcontroller applications
- Strong attention to detail and problem-solving skills
- Excellent communication skills
- Ability to work both independently and as part of a team
