Front-end developer (with focus on Shopify)

Web developer ,Cape Town, Western Cape, South Africa

Description

Location: Cape Town, South Africa

Type: Contractor (Hybrid) - with a 2 months in-office onboarding period

We are seeking a **Front-end developer** with a minimum of 2 years experience and a focus on Shopify for an ecommerce agency/start-up to join our development team. This is a Contractor Hybrid role with a 2months onboarding period in office - full time. The role requires that the developer owns their own computer for development and has access to Fast (50mb fibre+) Internet. Time availability for this role is from 9am - 6pm SAST and includes occasional work on US EST time zone.

Responsibilities:

The primary areas of focus will be on custom development of new Shopify stores for agencies and continues development work and updates to our in-house Shopify Theme.

- Implement custom development (html/tailwind css/ typescript/ react) from Figma Files on Shopify stores
- Applying best practices for performance and maintainability
- Work effectively while presenting and communicating your development progress to the team

Tech skill set:

- Front end development
 - Capable of writing easy to read & understandable code that is well organised and self explanatory (maintainability)
 - JavaScript / TypeScript
 - vanilla JS
 - React JS
 - Proficient experience in the Browser / DOM
 - performance & maintainability are top priority
 - understanding of server side rendering vs client side is an advantage
 - HTML
 - Semantic and well structured code
 - Understanding of Accessibility, SEO, & data validation
 - Understanding of Performance optimisation
 - CSS
 - Responsive Design
 - TailwindCSS
 - CSS variables
 - design system understanding is an advantage
 - Liquid
 - Proficient use of liquid operators & knowledgeable about performance debugging
 - being able to understand advance operator sequences
 - knowledge of core Shopify data models (product, cart, customer, sections, settings)

- Knowledge & Use of the following:
 - using Prettier / ESLint / Git
 - Shopify-CLI
 - Browser dev-tool experience

Please submit a link to your GitHub profile and a link to one or multiple projects that cover the above skills.

Person Specifications:

- Strong analytical and problem-solving skills
- Solution and results orientated.
- High learning capacity
- Speed of development - Ability to work in a fast-paced environment towards deadlines.
- Driven, ambitious, self-motivated and ability to work independently
- Good interpersonal and relationship building skills.
- Good planning, organisational and time management skills
- Good communication skills: verbal and written.
- A team player that is reliable

Salary:

Salary R35 000 - R55 000

Salary is dependent on experience

If you feel that you are a good fit for the position, we look forward to hearing from you.
